charging time

OVERVIEW

The Nipper UTV combines a 75-mile range, 200kg payload, and 28mph top speed in a robust electric utility vehicle designed for estates, facilities management, agriculture, leisure venues, and construction sites. Featuring selectable 2WD and 4WD modes, an electric rear tipper, front winch, and road-legal capability, the Nipper offers exceptional versatility both on and off-road, providing a practical and sustainable alternative to traditional utility vehicles.

KEY FEATURES

- ✓ Selectable 2WD & 4WD modes
- ✓ Electric rear tipper
- ✓ Front winch
- ✓ Rear tow hitch
- ✓ Power steering
- ✓ Road legal for on-road use
- ✓ Tight 6.8m turning radius
- ✓ On and off-road tyre options
